

# THE NEW TS30

**TEMSA**

**READY FOR THE ROAD AHEAD**

# THE FUTURE OF TRANSPORTATION IS IN OUR HANDS

With more than 50 years of experience, we constantly seek to go above and beyond existing offerings and deliver an innovative understanding in how we do transportation. Today, at our 137-acre plant, we produce 4,000 buses and motor coaches and 6,000 light-duty trucks - a total of 10,000 vehicles per year - on a single-shift basis. In 66 countries around the globe, our products continue to stand out as representatives of the transformation we initiated.

**WE DERIVE OUR  
STRENGTH FROM  
TECHNOLOGY**

# DESIGNED FOR GREAT ACHIEVEMENTS.

The New TS30 is designed for comfort and agility to handle both urban as well as long distance travel.

# THINK BIG, WIN BIG.

A unique investment instrument, the new TS30 is always ready to take your business to the top. Standing out from the crowd with its enduring style, the new TS30 never lets you down with the stainless-steel chassis that was designed and produced with your needs and standards in mind. The new TS30's front and rear bumpers have been redesigned in a 6-piece modular form to increase accessibility

and serviceability that will eventually reduce your maintenance costs. Its modest dimensions deliver excellent maneuverability on even narrow streets. The new TS30 offers high performance, economic fuel consumption, and a comfortable driving experience that is comparable to that of a car; and the fuel economy-increasing Eaton transmission, spacious luggage compartment, and

extensive safety systems, as well as the aesthetic interior design, will expand your capabilities further. The comfortable and agile new TS30 will be your partner in business for many years to come, thanks to its low cost of ownership.

# ALL EYES ARE ON IT.

Drawing attention is part of its character. The new TS30 is set to become the star of urban and long-distance travels, with perfection in its details, its modern design.

Its dimensions allow you to transport up to 34 passengers comfortably. With the redesigned TS30 we have successfully expanded luggage space by 35% to accommodate all

passengers. The New TS30 comes standard with Kneel, Lift / Lower and an optional ADA lift.

# GREAT COMFORTS FOR DRIVERS, THE NEW TS30.

The Redesigned TS30 offers new driver comforts and features. The adjustable, ergonomic driver's seat, the lumbar support that relieves pressure on the driver's back, right and left armrests, weight-sensitive pneumatic suspension system, and sun visor that are adjustable with a

single key all lead to a comfortable travel experience for drivers. Drivers features include: Cruise Control, Engine Brake, Larger Cockpit area and a newly designed dash board and switch layout.

# TO THOSE WHO DO NOT COMPROMISE ON COMFORT

If asked to list indispensable elements of a long-distance trip, one would immediately mention nice views, a safe ride, and comfort. The new TS30 provides a unique travel experience for your passengers, with its wide and comfortable

seats, refreshing interior design, powerful air conditioning system, and a standart rear restroom. The new TS30 is set to meet your expectations with its seating arrangements, legroom, and distinctive flooring patterns and color options.

# HIGH EFFICIENCY UNDER ALL CONDITIONS

The new TS30 is ready to serve you for many years. The Cummins engine stands out with low fuel consumption and environment-conscious performance. The 6.7 liter engine

offers 660 ft-lbs of torque @ 1600 rpm, generating 250 hp of power, and provides a truly perfect driving experience.

# THE NEW TS30 DELIVERS ADVANCED SAFETY SYSTEMS

The most comfortable journeys begin with a safe driving experience.

Anti-Lock Braking System (ABS) allows the driver to hit the brakes suddenly yet without losing control. It prevents the locking of the brakes, and reduce the

stopping distance. Doing so, it improves handling and enables safer driving experience even when sudden emergency braking is needed.

Anti Slip Regulation (ASR) is developed to prevent loss of traction on the wheels. ASR system assists the driver to prevent

skidding and thus allow the vehicle to start moving even under difficult road conditions. It also enhances driving safety on slippery surfaces, and prevents excessive wear of the tires.

Electronic Stability System (ESP) helps to protect the vehicle from negative effects of difficult road conditions.

It interferes with the engine's operating system, and provides a different level of traction with individual wheels. Doing so allows the adjustment of traction on individual wheels, combined with different braking power for different wheels, to provide the optimal level of traction for all 4 wheels. These adjustments assists in preventing the loss of control of the vehicle in case of sudden steering wheel interventions applied for sharp cornering.

# THE NEW TS30 OFFERS YOU A RANGE OF OPTIONS

The profitable TS30 is ready to serve with a range of seating capacity options.

31.1 ft

Seating capacity **30** + 1 + Restroom ⓘ

Seating capacity **32** + 1 + Restroom ⓘ

Seating capacity **34** + 1 + Restroom ⓘ

Seating capacity **36** + 1

# TECHNICAL SPECIFICATIONS

## DIMENSIONS AND WEIGHTS

Length (ft) .....	31.1
Width (in) .....	94.8
Height (incl. air conditioner) (in) .....	132.07
Floor-to-Ceiling Height (in) .....	75.2
Wheelbase (in) .....	185
Front Overhang (in) .....	76.4
Rear Overhang (in) .....	112.8
Turning Radius (ft) .....	27.5
Approach Angle .....	9°
Gross Vehicle Weight .....	27,980 lbs (12,692 kg)
Total Luggage Volume (ft³) .....	190

## ENGINE

Model .....	Cummins B 6.7 L
Type .....	Diesel
Number of Cylinders and Layout .....	6 in Line
Bore/Stroke .....	107mm / 124mm
Volume (Displacement) .....	6.68592 L
Maximum Power .....	250HP (187kW)
Maximum Torque .....	660 lb-ft @ 1,600 rpm

## TRANSMISSION

Model .....	Eaton Procision
Type .....	Automated Manual
Number of Gears .....	7

## AXLES

Front Axle Type .....	ZF RL 55 EC-independent
Front Axle Capacity .....	11,023 lbs
Rear Axle Type .....	DANA 10.24 R
Rear Axle Capacity .....	20,944 lbs
Differential Ratio .....	4.3

## RIMS & TIRES

Rim .....	19.5" Steel Wheel
Tire .....	265/ 70 R19.5

## FUEL & DEF TANK

Fuel Capacity .....	80 US gal
DEF Tank Capacity .....	5 US gal

## ELECTRICAL SYSTEM

System Voltage .....	24 V
Battery .....	2 x 12V 180Ah

## STEERING WHEEL

Hydraulic Steering .....	Standard
Steering Wheel Tilt and Telescopic .....	Standard

## BRAKES

Service Brake .....	Standard
Parking Brake .....	Standard
Engine Brake .....	Standard
ABS (Anti-Lock Braking System) .....	Standard
